B. Providers

B1. Key Terms

This section explains key terms in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
    - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
    - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a family doctor, OB/GYN, nurse practitioner, or physician assistant who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
    - Oncologists care for patients with cancer.
    - Cardiologists care for patients with heart conditions.
    - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** to use a specialist or someone that is not your primary care provider (PCP). A **referral** means that your PCP must give you approval before you can use someone that is not your PCP. If you don't get a referral, Wellpoint STAR+PLUS MMP may not cover the service.
    - Referrals from your network PCP or our plan are not needed for:
        - emergency care;
        - urgently needed care;
        - kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area;
        - services from a women's health specialist; **or**
        - 24-Hour Nurse HelpLine.

- Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
- More information on referrals is available in Chapter 3 of the Member Handbook.

❖ You also have access to a **service coordinator** and/or a **service coordination team** that you choose.

- A **Service Coordinator** helps you manage your medical providers and services.
- Your **service coordination team** helps to coordinate your care. Everyone on the service coordination team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavior health services within the following time frames:

❖ Immediately for urgently needed services or an emergency

❖ Within 7 days for services that are not an emergency or urgently needed, but you require medical attention.

❖ Within 30 days for routine and preventative care.

B3. Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you should choose a Primary Care Provider. You may be able to have a specialist act as your PCP.

Your Primary Care Provider (PCP) is your main doctor and will be responsible for providing many of your preventive and primary care services. Your PCP will help create your personal care plan and will recommend or ask for many of the services you'll get through your health plan.

Your PCP can be one of the following providers, or under certain circumstances such as pregnancy, a specialist:

- Family Practice
- Internal Medicine
- General practice
- OB/GYN
- Geriatrics
- Pediatricians
- Federally Qualified Health Center (FQHC)/Rural Health Clinic (RHC)

To choose a PCP, refer to the list of providers on page 10 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at **1-855-878-1784** (TTY: **711**), Monday through Friday from 8 a.m. to 8 p.m. local time, except for holidays. The call is free. Or, visit **www.wellpoint.com/tx/mmp**.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask before you get the service or care.

B4. Long-term services and supports (LTSS)

As a Wellpoint STAR+PLUS MMP member, you may be able to get long-term services and supports (LTSS), such as adult day care, nursing facility care, and more. LTSS help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

Your service coordinator can tell you more about available services, the eligibility requirements, and how to apply for these programs.

B5. How to identify providers in Wellpoint STAR+PLUS MMP's network

You may need a referral to use someone who is not a Primary Care Provider. There is more information about referrals in Section B1 of this Provider and Pharmacy Directory on page 2.

You must get all of your covered services from providers within our network. If you use providers who are not in Wellpoint STAR+PLUS MMP's network (without prior authorization [PA] or approval from us), you will have to pay the bill.

A **PA** is an approval from Wellpoint STAR+PLUS MMPbefore you can get a specific service, drug, or use an out-of network provider. Wellpoint STAR+PLUS MMP may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also use providers outside the plan for other non-emergency services if Wellpoint STAR+PLUS MMP gives you permission first.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. For some providers, you may need a referral from your PCP.
- Wellpoint STAR+PLUS MMP works with all the providers in our network to accommodate the needs of people with disabilities. The list of network providers below includes information about the accommodations they provide.

- If you need to use a provider and are not sure if they offer the accommodations you need, Wellpoint STAR+PLUS MMP can help you. Talk to your service coordination team or service coordinator for assistance.

B6. How to find Wellpoint STAR+PLUS MMP providers in your area

This directory is organized by the types of providers and where they're located. To find network providers close to your home:

- First, look up the type of provider you need
- Then, look up the city or town to find out which providers serve that community

You can also contact Member Services for help. Call us at **1-855-878-1784** (TTY: **711**), Monday through Friday from 8 a.m. to 8 p.m. local time, except for holidays. The call is free.

B7. List of network providers

This Directory of Wellpoint STAR+PLUS MMP's network providers contains:

- **Health care professionals** including primary care physicians, specialists, and mental health providers, such as outpatient behavioral health providers; and
- **Facilities** including hospitals, nursing facilities, and mental health facilities; and
- **Support providers** including those providing adaptive aids/medical equipment, adult foster care, assisted living, cognitive rehabilitation therapy, day activity and health services, dental services, emergency response services, employment assistance, financial management services, home delivered meals, minor home modifications, nursing services, occupational therapy, personal assistance services, physical therapy, respite, speech therapy, supported employment, and transition assistance services.

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are also listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training.

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

You may receive services from any of the providers on this list. For some services, you may need a referral from your PCP.

Anthony

Note: Our plan has an exclusive contract with **Liberty Dental** for routine dental care. Your dental benefit includes routine dental care. You will need to go to a provider with the Liberty Dental network.

To find a provider for your **medical dental care**, go to the Specialty Care Providers section of this directory. For medical dental care to be covered, you have to use a dental provider in our plan (in-network doctor). Covered medical dental care is limited to certain conditions. Refer to your Wellpoint STAR+PLUS MMP Member Handbook for medical dental care available and benefit limitation amounts.

D. List of Network Pharmacies

This part of the Directory provides a list of pharmacies in Wellpoint STAR+PLUS MMP's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

We also list pharmacies that are in our network but are outside El Paso County in which you live. You may also fill your prescriptions at these pharmacies. Please contact Wellpoint STAR+PLUS MMP at **1-855-878-1784** (TTY: **711**), Monday through Friday from 8 a.m. to 8 p.m. local time, except for holidays, for additional information.

- Wellpoint STAR+PLUS MMP members must use network pharmacies to get prescription drugs except in emergency or urgent care situations.
- If you use an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service. Read the Wellpoint STAR+PLUS MMP's Member Handbook for more information.
- This Directory may not list all network pharmacies.
    - We may have added or removed some network pharmacies from our plan after we published this Directory

D1. How to identify pharmacies in Wellpoint STAR+PLUS MMP'snetwork

Along with retail pharmacies, your plan's network of pharmacies includes:

- Mail-order pharmacies send covered prescription drugs to members through the mail or shipping companies.
- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.
- Indian Health Service/Tribal/Urban Indian Health Program (I/T/U) pharmacies
- Specialty Pharmacy – Pharmacies that supply drugs requiring special handling and instructions in their use.
- You are not required to continue using the same pharmacy to fill your prescriptions.
- You are not required to use a mail order pharmacy to fill your prescriptions.

D2. Long-term supplies of prescriptions

- **Mail-Order Programs**. We offer a mail-order program that allows you to get up to a 93-day supply of your prescription drugs sent directly to your home. A 93-day supply has the same copay as a one-month supply.
- **93-Day Retail Pharmacy Programs**. Some retail pharmacies may also offer up to a 93-day supply of covered prescription drugs. **A 93-day supply has the same copay as a one-month supply.**
- You can go to any of the pharmacies in our network.

E2. Mail-order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program, which is called **CarelonRx Mail.** CarelonRx Mail must get your permission before sending you any prescriptions you don't ask for yourself.

You also have the choice to sign up for automated mail order delivery through our CarelonRx Mail Home Delivery program.

Typically, you should expect to get your prescription drugs within 14 days from the time that the mail order pharmacy gets the order. If you do not get your prescription drug(s) within this time, if you would like to cancel an automatic order, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at **1-855-878-1784** (TTY: **711**) To learn more about mail order pharmacies, refer to Chapter 5 of the *Member Handbook*.

Long-Term Care (Ltc) Pharmacies
El Paso

The Wellpoint STAR+PLUS MMP Network contains 5 Long-Term Care (LTC) Pharmacies.

Residents of a long-term care facility, such as a nursing home, may access their prescription drugs covered under Wellpoint STAR+PLUS MMP through the facility's pharmacy or another network pharmacy. To learn more about drug coverage in special cases, see Chapter 5 of the Member Handbook.
