

Receive your reimbursement faster with direct deposits

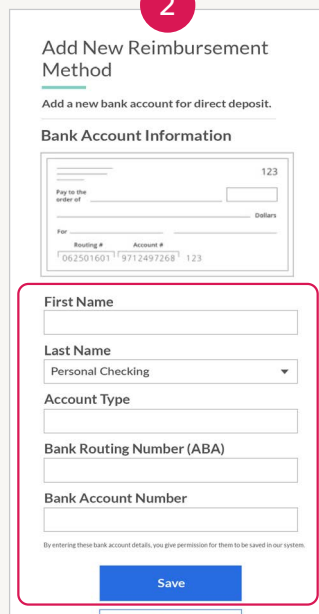

When you file claims with Wellpoint, we usually reimburse you with a check. Now, instead of waiting for a check to come in the mail, you can receive your money directly in your bank account by signing up for direct deposit.

Here's how: First, log in to **wellpointmass.com** and select **Profile** in the top right corner. Then, follow these four steps:

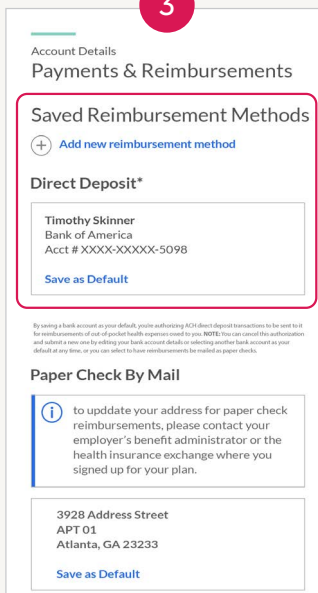

Select **Payments & Reimbursements** under *Account Details*. Select **Claims Reimbursement Method**.

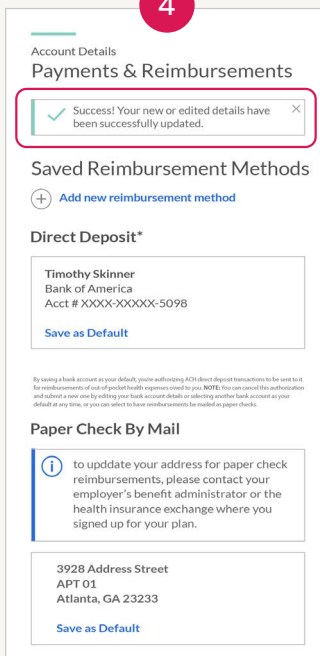

Enter your banking information and select **Save**.

Once your banking information has been added, select **Save as Default**.

You can update your banking information at any time if you wish to change your preferred method.

What happens next?

We'll send you an email to let you know we received your direct deposit enrollment. We'll also email you:

- If you make a banking change.
- If you cancel direct deposit.
- If we can't complete the deposit.

After you've set up your direct deposit, your explanation of benefits will show the amount we've deposited into your account.

Switch to direct deposit

Log in at **wellpointmass.com** to change your reimbursement method today.
