

Wellpoint

Medicare Extension

The trusted choice for GIC Medicare retirees

We've got you covered

Choosing a health plan is an important decision, and we want to provide a plan that will give you the coverage you need with the service you expect.

When you compare the Medicare health plans, take a careful look at what is covered. Can you go to any doctor you want? What expenses will you have?

The Medicare Extension plan offers what most people want in a health plan. In fact, the majority of Group Insurance Commission (GIC) Medicare retirees choose this plan. Here are some reasons why:

- You can use **any doctor or hospital in the U.S.** for both routine and ongoing care, as well as emergency care — even when you're away from home. You will receive the highest benefit when you use Medicare participating providers.
- Wellpoint's experienced Member Services team serves GIC members only, providing **expert support for your questions or concerns.**
- We cover some things Medicare doesn't cover, like **hearing aids and routine eye exams.**
- You have **coverage for prescription drugs**, eliminating a coverage gap that could leave you with higher bills.
- You save **save on copays:**
 - You have a \$10 copay for visits to doctors, nurse practitioners, and physician assistants, as well as at urgent care centers and retail medical clinics. With other Medicare plans available through the GIC, you would pay more for most doctor visits.
 - You have no copay for the first four outpatient visits with a contracted behavioral health provider, and a \$10 copay for additional visits.
- You pay **no calendar-year deductible** and have **no lifetime maximums** or limits for preexisting conditions.
- Our plan offers you the convenience of automatic Medicare crossover. This means your **claims are sent directly from Medicare to Wellpoint**, so you do not need to file twice.

Member resources that offer you convenience, support, and savings

Wellpoint's Sydney Health mobile app is simple, smart, and all about you

With **SydneySM Health**, you can find everything you need to know about your health plan — personalized and all in one place. Quickly check your benefits and claims, and view and use your digital ID card. You also can track fitness activity and explore health topics and wellness programs that spark your interest.

More reasons why Medicare Extension is an excellent choice

- Helpful tools and resources at [wellpointmass.com](https://www.wellpointmass.com), plus health articles and plan updates.
- Discounts on things such as health club memberships, fitness tracking devices, glasses and contact lenses, hearing aids, and health programs. For a list of available discounts, visit [wellpointmass.com](https://www.wellpointmass.com).
- Up to \$100 reimbursement per plan year toward a fitness club membership and other fitness activities, such as yoga and Zumba classes, personal trainers, and sports teams.
- Our 24-Hour Nurse Line, available to you at no extra cost. You can speak with a registered nurse for answers to your questions and guidance about your health concerns.
