

**Over-the-Counter (OTC) Drug List**

Did you know you could fill some of your prescriptions at little to no cost to you?

Wellpoint gives you an extra benefit for certain OTC generic drugs. A generic drug has the same active ingredient, dosage, safety, strength, directions for use, intended use, quality and performance as a brand-name drug. Each member can get up to \$30 worth of these generic OTC drugs every three months.\* These three-month periods begin on the first day of January, April, July and October. Once your provider gives you a prescription, you can have it filled at any pharmacy in your plan. Don't forget to bring your Wellpoint ID card. You will need it to fill your prescription. If you have reached the \$30 limit for the three-month period, the pharmacist will let you know. Schedule a visit with your doctor today so you can start getting prescription benefits!

*\*Quantity limits and safety restrictions apply.*
