Here's what you should do:

- Check your prescriptions to see if you have one or more products by Exela Pharma Sciences, LLC.
- If you have one of the affected drugs, check to see if it is from a recalled lot number. The lot number is located on the manufacturer's label below the barcode. If you have trouble finding the lot number, contact your pharmacy.
- Exela Pharma Sciences, LLC recommends, if you have one of the drugs from a recalled lot, immediately contact your healthcare provider. Return the recalled drug to your pharmacy.
- If you have medical questions, contact your doctor for guidance.
- Additional information about this recall can be found at [fda.gov/medwatch](https://www.fda.gov/medwatch).

If you have questions about:

- The drug recall, call the drug company. The number is **888-451-4321**.
- Your prescription or your health care, call your primary care provider (PCP).
- What drugs are covered, call Pharmacy Member Services at **833-207-3115 (TTY 711)** 24 hours a day, 7 days a week.

Please be sure to talk with your doctor.

Sincerely,
Pharmacy Department
