### **Get the right care and supports**

We're here to help you get quality healthcare like doctor visits, hospitalizations, and prescription drugs. We provide you with all your STAR+PLUS healthcare and long-term services and supports benefits.

We work closely with doctors and hospitals in your community to get you the right care, close to home. This includes:

- Assigning you a service coordinator (if needed based on your health or if you ask for one).
- Long-term services and supports, if needed.
- Well-care.
- Community-based care and services.

### **Get help with long-term services and supports**

If you live at home and need help with things like eating, light housekeeping, fixing meals, or personal care, we have services to help you. Once the service coordinator assesses your needs, he or she will tell you about the long-term services and supports you may be able to get, including:

- Personal assistance services.

- Adult day care.

Your service coordinator will work with you to develop a service plan. He or she will see you regularly to make sure your care and services are working for you. To learn more about long-term services and supports, refer to the member handbook.
