Value-added benefits and services

We want to help you get and stay healthy. In addition to your benefits, Wellpoint offers value-added benefits and services. We offer these services to encourage health education and to promote health. These value-added benefits and services have eligibility requirements and annual limits for each member. Copayments may not be charged, and members do not have the right to an appeal or a state fair hearing for value-added services. A listing of value-added benefits and services can be found in the Wellpoint **member handbook** or by visiting the Wellpoint website at **wellpoint.com/wv/medicaid**, scroll to the bottom of the webpage under View Your Benefits link, then select Extra Benefits at No Cost.

Copayments may not be charged, and members do not have the right to an appeal or a state fair hearing for value-added services. Log on to the Benefit Reward Hub to redeem your value-added benefits and view the benefits you're eligible for at **wellpoint.com/wv/medicaid** or call the Customer Care Center at **800-782-0095 (TTY 711)**, Monday through Friday, 8 a.m. to 6 p.m. ET.

About this directory

This directory lists hospitals, primary care providers (PCPs), behavioral health providers, chiropractors, eye doctors, and ancillary services. Listings are by the city the office is located in.

Ancillary services are types of services your provider may want you to get to help find or treat an illness or injury. X-rays, labs, therapy, rehab, and nursing care are examples of ancillary services.

The directory also lists specialists. Specialists are providers focused on one area of medicine. For example, a provider who cares for the heart is a heart specialist. Specialists are listed first by specialty, then by city.

For the most recent version of the provider directory, visit us online at **wellpoint.com/wv/medicaid**. If you'd like a copy sent to you or you have any questions, please call our Customer Care Center at **800-782-0095 (TTY 711)**. We'll mail you one within five days at no cost to you.

You need to choose a provider who is a PCP

Please choose a primary care provider (PCP) who meets your needs. You may want to choose a provider with an office close to your home, or you may want a provider with staff members who speak your primary language. PCPs are listed by last name and the languages spoken at that office. You don't need to call the provider's office before you make your choice.

For each provider, you'll find:

1. The doctor's specialty. This could be family practice, general practice, internal medicine, pediatrics, or OB-GYN.
2. Office hours.
3. The provider's PCP #. **This is a very important number:**
 - After you choose your PCP, write the PCP # and your daytime phone number on your *Primary Care Provider Selection* form.
 - The provider you choose may have more than one PCP #. **Use the PCP # assigned to the provider's office you will visit.** If you don't choose a PCP when you enroll, we'll choose a PCP for you.
 - Family members may go to different PCPs. Choose a PCP for each family member.
4. The hospital the provider can send you to for care.

You can find our provider directory at **wellpoint.com/wv/medicaid**.

This symbol (♦) means the provider is not taking new patients at this time.

This symbol (●) means the office is accessible to wheelchairs and walkers.

This symbol (**) means the provider sees Mountain Health Trust members.

This symbol (■) means Children with Special Health Care Needs (CSHCN) services are given at this office.

This symbol (t) means the provider offers services through telehealth.

If you believe you have a medical emergency, call **911** immediately or go to the nearest emergency department (ER). When you get there, show your member ID card. You do not need approval from your PCP or Wellpoint. If you are traveling and away from home when you have a medical emergency, go to the nearest ER. You have the right to go to the nearest hospital, even if it is not in our network. If you're not sure what to do, call

your PCP or Wellpoint at **800-782-0095 (TTY 711)**. Remember to use the ER only if you have an emergency. You are always covered for emergencies. If you are unsure where to go for care, call 24-hour nurse help line toll free at **888-850-1108 (TTY 711)**. A nurse will help you decide which type of care makes the most sense. Plus, you may find out how to treat yourself at home.

If you need help choosing any type of provider

Call the Customer Care Center toll free at **800-782-0095 (TTY 711)** when:

- You have questions about choosing a provider.
- You want more details about a provider listed in the directory.
- You need help choosing which PCP # to use.
- You're already a patient of a provider who is not taking new patients. You may be able to pick a provider who is not taking new patients if that provider was your primary provider before you enrolled with Wellpoint.
- The provider you have now is not listed. You may need to choose a new provider.
- You want to know if a provider is still with Wellpoint.

For more information about a provider, go to the:

- Wellpoint website at **wellpoint.com/wv/medicaid**.
- American Medical Association Doctor Finder website at **apps.ama-assn.org/doctorfinder/home.jsp**.

Behavioral health services

You can get behavioral health services from a Wellpoint provider. You don't need a referral from your PCP to get behavioral services, but your PCP can help you get behavioral healthcare with Medicaid and Mountain Health Trust providers.

Behavioral healthcare for Medicaid and Mountain Health Trust members includes:

- Inpatient psychiatric services for members under 21 years of age
- Acute inpatient — behavioral health and substance abuse

For a full list of covered behavioral health services for Medicaid and Mountain Health Trust members, please visit the Wellpoint website at **[wellpoint.com/wv/medicaid](https://www.wellpoint.com/wv/medicaid)**. Hospital accreditation

Hospital accreditations can be found in the Hospitals section. Accreditation means a hospital lets an agency, not part of the hospital, review whether that hospital meets

established health and safety standards.

A hospital's accreditation status is reviewed by:

- The Joint Commission (TJC)
- Health Care Facilities Accreditation Program (HFAP)
- National Integrated Accreditation for Healthcare Organization (NIAHO)
- Commission on Accreditation of Rehabilitation Facilities (CARF)

Credentialed hospitals are reviewed every three years. This is called recredentialing. Any status changes reported by the hospital are reported in this directory as soon as possible.

Do you need help with your healthcare, talking with us, or reading what we send you? We provide our materials in other languages and formats at no cost to you. Call us toll free at **800-782-0095 (TTY 711)**.
