

The Wellpoint Care Provider Recognition Program

Discover how our top care providers are making a difference in healthcare

Want to know how the top care providers in our network improve healthcare?

The Wellpoint Care Provider Recognition Program recognizes those who go above and beyond to improve whole-health outcomes. It awards the top 5% of in-network providers and shows our deep appreciation for our care partners.

2024 criteria:

- Current performance and a three-year average
- Best practices such as preventive care screenings and immunizations
- Chronic disease management
- Medication adherence

The Care Provider Recognition Program is expanding to include Medicaid and Commercial care providers. 2025 criteria and award winners will be announced soon.

Featured award winners

Raymond Metzger, MD
President, TriHealth Population Health Network

“By focusing on prevention and leveraging resources across our network, we reduced ... emergency visits and improved ... quality of life.”

Kevin Mineo, MD
Medical Director, Unity Health Network

“Through coordinated efforts ... we were able to expand access to high-quality care by offering Saturday telehealth appointments and a newly established online scheduling system.”

Tommy Pham, MD
Family Medicine

“We’ve built a positive environment. No yelling, no stress. That makes the healthcare better too.”
