

Availity Essentials gives you the tools you need

Dental

Our dental platform — powered by Availity Essentials — makes it easy to do business with Wellpoint. Availity Essentials is a multi-payer site where you can work with participating payers like Wellpoint.¹ Availity Essentials is secure and compliant with all *HIPAA* regulations, and there is no cost to use any of the online tools.

Tools available from Availity Essentials:

- Access multiple payers within one platform and one login.
- Use a secure, compliant network.
- Check patient eligibility.
- View patient benefits and frequency limitations.
- Review clinical guidelines for specific services.
- Submit claims and attachments for free.
- View claims status attached to the provider's NPI.
- Access free online training — no need to schedule.
- Browse the convenient online learning center by topic.
- Review your patient's health records², including prescriptions, emergency room visits, lab results, and care alerts (if your patient has a chronic condition).

Note: This option is only available to participating providers.
