

HHSC to Begin Collecting FMSA SFY 2024 Cost Survey

Texas | Medicaid

Background:

HHSC began collecting cost surveys for the state fiscal year (SFY) 2024 on September 1, 2025. The purpose of the cost survey is to collect Financial Management Services Agency (FMSA) costs for SFY 2024 for all FMSAs in Texas. This cost information will be used in the review of current FMSA rates for Medicaid and non-Medicaid programs. HHSC is collecting the cost survey in accordance with HHSC's Medicaid State Plan, which requires HHSC to collect provider cost data to support the FMSA reimbursement methodology on a biennial basis.
